## LIBRARY REPORT.

---

The trustees of the Andover town library submit the following report for the year ending Feb. 15, 1904:

The number of books issued at Andover to Feb. 1, 1904, was 1983; at East Andover, 724. The number of borrowers at Andover was 145; at East Andover, 80. Total circulation, 2707; total number of borrowers, 225.

The notable increase in 1902, '03, in the circulation and in the number of borrowers was evidently due to the great increase in the number of new books and to the general interest throughout the town awakened by the efforts to establish a new library. It is hoped that, by the annual increase in the number and the improvement in the character of the books, the use of the library by all the citizens will increase from year to year. It should never be forgotten that the community derives more substantial benefit from the small sum annually devoted to the support of the town library than from a similar amount expended in any other way.

Rev. Angelo Hall, one of the trustees moved from Andover in July 1903.
